Attestation of Compliance for Report on Compliance – Service Providers

Version 4.0.1

Publication Date: August 2024

PCI DSS v4.0.1 Attestation of Compliance for Report on Compliance – Service Providers

Entity Name: K2 Integration JSC

Date of Report as noted in the Report on Compliance: December 22, 2025

Date Assessment Ended: December 22, 2025

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

Section 1: Assessment Information

Instructions for Submission

This Attestation of Compliance (AOC) must be completed as a declaration of the results of the service provider's assessment against the *Payment Card Industry Data Security Standard (PCI DSS) Requirements and Testing Procedures (*"Assessment"). Complete all sections. The service provider is responsible for ensuring that each section is completed by the relevant parties, as applicable. Contact the entity(ies) to which this AOC will be submitted for reporting and submission procedures.

This AOC reflects the results documented in an associated Report on Compliance (ROC). Associated ROC sections are noted in each AOC Part/Section below.

Capitalized terms used but not otherwise defined in this document have the meanings set forth in the PCI DSS Report on Compliance Template.

Part 1. Contact Information	
Part 1a. Assessed Entity (ROC Section 1.1)	
Company name:	K2 Integration JSC
DBA (doing business as):	K2 Integration, K2 Cloud
Company mailing address:	119121, Moscow, Bolshoi Savvinsky Lane, 9, building 2
Company main website:	https://k2.cloud/
Company contact name:	Aleksandr Lugov
Company contact title:	Cloud Security Officer
Contact phone number:	+7 (495) 974-10-64
Contact e-mail address:	ALugov@k2.cloud
Part 1b. Assessor (ROC Section 1.1)	
Provide the following information for all assessors involved in the Assessment. If there was no assessor for a given assessor type, enter Not Applicable.	
PCI SSC Internal Security Assessor(s)	
ISA name(s):	Not Applicable
Qualified Security Assessor	
Company name:	OWNR Solutions LTD
Company mailing address:	142060, Moscow Region, Domodedovo, village Uvarovo, 27a, floor 3, room 2
Company website:	ownrsecurity.com
Lead Assessor name:	Rustam Guseynov
Assessor phone number:	+74959683388
Assessor e-mail address:	r.guseynov@ownrsecurity.com
Assessor certificate number:	204-913

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

Part 2. Executive Summary

Part 2a. Scope Verification

Services that were INCLUDED in the scope of the Assessment (select all that apply):

Name of service(s) assessed:	K2 Cloud	
Type of service(s) assessed:		
Hosting Provider: ☒ Applications / software ☒ Hardware ☒ Infrastructure / Network ☒ Physical space (co-location) ☒ Storage ☒ Web-hosting services ☒ Security services ☐ 3-D Secure Hosting Provider ☒ Multi-Tenant Service Provider ☐ Other Hosting (specify): N/A	**Managed Services:** ☒ Systems security services ☒ IT support ☒ Physical security ☐ Terminal Management System ☐ Other services (specify): N/A	**Payment Processing:** ☐ POI / card present ☐ Internet / e-commerce ☐ MOTO / Call Center ☐ ATM ☐ Other processing (specify): N/A
☐ Account Management	☐ Fraud and Chargeback	☐ Payment Gateway/Switch
☐ Back-Office Services	☐ Issuer Processing	☐ Prepaid Services
☐ Billing Management	☐ Loyalty Programs	☐ Records Management
☐ Clearing and Settlement	☐ Merchant Services	☐ Tax/Government Payments
☐ Network Provider		
☐ Others (specify): N/A		

Note: *These categories are provided for assistance only and are not intended to limit or predetermine an entity's service description. If these categories do not apply to the assessed service, complete "Others." If it is not clear whether a category could apply to the assessed service, consult with the entity(ies) to which this AOC will be submitted.*

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

Part 2. Executive Summary *(continued)*

Part 2a. Scope Verification *(continued)*

Services that are provided by the service provider but were NOT INCLUDED in the scope of the Assessment (select all that apply):

Name of service(s) not assessed:	N/A

Type of service(s) not assessed:

Hosting Provider:	**Managed Services:**	**Payment Processing:**
☐ Applications / software	☐ Systems security services	☐ POI / card present
☐ Hardware	☐ IT support	☐ Internet / e-commerce
☐ Infrastructure / Network	☐ Physical security	☐ MOTO / Call Center
☐ Physical space (co-location)	☐ Terminal Management System	☐ ATM
☐ Storage	☐ Other services (specify):	☐ Other processing (specify):
☐ Web-hosting services	N/A	N/A
☐ Security services		
☐ 3-D Secure Hosting Provider		
☐ Multi-Tenant Service Provider		
☐ Other Hosting (specify):		
N/A		
☐ Account Management	☐ Fraud and Chargeback	☐ Payment Gateway/Switch
☐ Back-Office Services	☐ Issuer Processing	☐ Prepaid Services
☐ Billing Management	☐ Loyalty Programs	☐ Records Management
☐ Clearing and Settlement	☐ Merchant Services	☐ Tax/Government Payments
☐ Network Provider		

☒ Others (specify): Customers services which are being deployed and maintained within virtual infrastructure and/or inside their physically collocated facilities

Provide a brief explanation why any checked services were not included in the Assessment:	K2 Integration offers only PCI DSS compliant cloud (hosting), Colocation and physical security services as video surveillance and access control. Customers are responsible for the security and compliance of their private environments on their own and those environments are out of the scope of the assessment, but K2 Integration guarantees that its cloud platform, Colocation and physical security services are PCI DSS compliant as it set out in an entity's standard agreement.

Part 2b. Description of Role with Payment Cards (ROC Sections 2.1 and 3.1)

Describe how the business stores, processes, and/or transmits account data.	The assessed entity does not store, process and/or transmit cardholder data directly. It only provides cloud

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

	services and physical security services as it is described in Part 2a.
Describe how the business is otherwise involved in or has the ability to impact the security of its customers' account data.	The services of assessed entity can influence the security of its customers' cardholder data which are based within the entity's cloud and/or data centres.
Describe system components that could impact the security of account data.	Entity provides cloud services and physical security services based on entity's proprietary solution consisting of network infrastructure, hypervisors, orchestrators, data storages and development processes.

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

Part 2. Executive Summary *(continued)*

Part 2c. Description of Payment Card Environment

Provide a high-level description of the environment covered by this Assessment. *For example:* • *Connections into and out of the cardholder data environment (CDE).* • *Critical system components within the CDE, such as POI devices, databases, web servers, etc., and any other necessary payment components, as applicable.* • *System components that could impact the security of account data.*	There are 4 datacenters providing infrastructure for K2 Cloud and physical security services for the Customers. The customers can manage their virtual clouds within K2 Cloud by web-console or API, provision virtual machines and set up different Services such as EC2, VPC, S3, CW and etc. Those services are PCI DSS compliant and based on the entity's proprietary solution which underlies the entity's Cloud. For that reason the entity manages its own network infrastructure, hypervisors, orchestrators, data storages and development processes. In the same time the entity offers co-location and physical security services for customers facilities which guarantees all appropriate measures such as video surveillance, access control, media processing and etc for customers physical equipment. Those physical measures cover K2 Cloud Platform too. In both scenarios the entity doesn't offer a PCI DSS compliance inside customers' virtual networks and servers (on guest OS level) and/or inside their physically collocated facilities. It is out of the scope of the assessment and accordingly to the standard agreement it is customers' area of responsibility. Nevertheless, customers infrastructures are separated from each other and underlying systems which are managed by the entity.
Indicate whether the environment includes segmentation to reduce the scope of the Assessment. (Refer to the "Segmentation" section of PCI DSS for guidance on segmentation)	☒ Yes ☐ No

Part 2d. In-Scope Locations/Facilities (ROC Section 4.6)

List all types of physical locations/facilities (for example, corporate offices, data centers, call centers and mail rooms) in scope for this Assessment.

Facility Type	Total Number of Locations (How many locations of this type are in scope)	Location(s) of Facility (city, country)
Example: Data centers	*3*	*Boston, MA, USA*
Data center	4

Part 2. Executive Summary *(continued)*

Part 2e. PCI SSC Validated Products and Solutions (ROC Section 3.3)

Does the entity use any item identified on any PCI SSC Lists of Validated Products and Solutions*?

☐ Yes ☒ No

Provide the following information regarding each item the entity uses from PCI SSC's Lists of Validated Products and Solutions:

Name of PCI SSC validated Product or Solution	Version of Product or Solution	PCI SSC Standard to which Product or Solution Was Validated	PCI SSC Listing Reference Number	Expiry Date of Listing
N/A	N/A	N/A	N/A	N/A
				YYYY-MM-DD
				YYYY-MM-DD
				YYYY-MM-DD
				YYYY-MM-DD
				YYYY-MM-DD

* For purposes of this document, "Lists of Validated Products and Solutions" means the lists of validated products, solutions, and/or components, appearing on the PCI SSC website (www.pcisecuritystandards.org) (for example, 3DS Software Development Kits, Approved PTS Devices, Validated Payment Software, Point to Point Encryption (P2PE) solutions, Software-Based PIN Entry on COTS (SPoC) solutions, Contactless Payments on COTS (CPoC) solutions), and Mobile Payments on COTS (MPoC) products.

Part 2. Executive Summary *(continued)*

Part 2f. Third-Party Service Providers (ROC Section 4.4)

For the services being validated, does the entity have relationships with one or more third-party service providers that:

• Store, process, or transmit account data on the entity's behalf (for example, payment gateways, payment processors, payment service providers (PSPs, and off-site storage))	☐ Yes ☒ No
• Manage system components included in the entity's Assessment (for example, via network security control services, anti-malware services, security incident and event management (SIEM), contact and call centers, web-hosting companies, and IaaS, PaaS, SaaS, and FaaS cloud providers)	☐ Yes ☒ No
• Could impact the security of the entity's CDE (for example, vendors providing support via remote access, and/or bespoke software developers).	☐ Yes ☒ No

If Yes:

Name of Service Provider:	Description of Services Provided:
N/A	N/A

Note: *Requirement 12.8 applies to all entities in this list.*

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

Part 2. Executive Summary *(continued)*

Part 2g. Summary of Assessment (ROC Section 1.8.1)

Indicate below all responses provided within each principal PCI DSS requirement.

For all requirements identified as either "Not Applicable" or "Not Tested," complete the "Justification for Approach" table below.

Note: *One table to be completed for each service covered by this AOC. Additional copies of this section are available on the PCI SSC website.*

Name of Service Assessed: K2 Integration JSC

PCI DSS Requirement	Requirement Finding More than one response may be selected for a given requirement. Indicate all responses that apply.				Select If a Compensating Control(s) Was Used
	In Place	Not Applicable	Not Tested	Not in Place	
Requirement 1:	☒	☒	☐	☐	☐

Justification for Approach

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

For any Not Applicable responses, identify which sub-requirements were not applicable and the reason.	1.2.4, 1.4.4, 3.1, 3.2, 3.4-3.7.8, 4.1, 4.2, 7.2.6, 9.4, 10.2.1.1 The entity does not directly store, process or transmit cardholder data and only provides hosting services to clients. 1.3.3, 2.3, 11.2.2 Wireless networks are not included in the scope. 1.5.1 Computing devices that connect to both untrusted networks and the CDE are not used. 2.2.5 There are no any insecure services, protocols and daemons in use in the scope. 3.3.1, 3.3.2 The entity does not directly store sensitive authentication data. 3.3.3 The entity is not an issuer. 3.7.9 The entity does not share cryptographic keys with its customers. 6.4.3 Payment page scripts are not use. 8.2.3 The entity doesn't have remote access to the customer premises. 9.5 POI devices are not used. 10.4.2 No other system components. 11.6.1 There are no payment pages. 12.3.2 Customized approach doesn’t use. 12.5.3 There were no significant changes to organizational structure. 12.8 The entity does not use the services of thirdparty service providers as part of the provision of cloud services.
For any Not Tested responses, identify which sub-requirements were not tested and the reason.	Not Applicable

Section 2 Report on Compliance

(**ROC Sections 1.2 and 1.3**)

Date Assessment began: ***Note:*** *This is the first date that evidence was gathered, or observations were made.*	2025-10-15
Date Assessment ended: ***Note:*** *This is the last date that evidence was gathered, or observations were made.*	2025-12-22
Were any requirements in the ROC unable to be met due to a legal constraint?	☐ Yes ☒ No
Were any testing activities performed remotely?	☒ Yes ☐ No

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

Section 3 Validation and Attestation Details

Part 3. PCI DSS Validation (ROC Section 1.7)

This AOC is based on results noted in the ROC dated *(Date of Report as noted in the ROC 2025-12-22)*.

Indicate below whether a full or partial PCI DSS assessment was completed:

☒ **Full Assessment** – All requirements have been assessed and therefore no requirements were marked as Not Tested in the ROC.

☐ **Partial Assessment** – One or more requirements have not been assessed and were therefore marked as Not Tested in the ROC. Any requirement not assessed is noted as Not Tested in Part 2g above.

Based on the results documented in the ROC noted above, each signatory identified in any of Parts 3b-3d, as applicable, assert(s) the following compliance status for the entity identified in Part 2 of this document *(select one)*:

☒ **Compliant:** All sections of the PCI DSS ROC are complete, and all assessed requirements are marked as being either In Place or Not Applicable, resulting in an overall **COMPLIANT** rating; thereby K2 Integration JSC has demonstrated compliance with all PCI DSS requirements except those noted as Not Tested above.

☐ **Non-Compliant:** Not all sections of the PCI DSS ROC are complete, or one or more requirements are marked as Not in Place, resulting in an overall **NON-COMPLIANT** rating; thereby N/A has not demonstrated compliance with PCI DSS requirements.

Target Date for Compliance: N/A

An entity submitting this form with a Non-Compliant status may be required to complete the Action Plan in Part 4 of this document. Confirm with the entity to which this AOC will be submitted before completing Part 4.

☐ **Compliant but with Legal exception:** One or more assessed requirements in the ROC are marked as Not in Place due to a legal restriction that prevents the requirement from being met and all other assessed requirements are marked as being either In Place or Not Applicable, resulting in an overall **COMPLIANT BUT WITH LEGAL EXCEPTION** rating; thereby N/A has demonstrated compliance with all PCI DSS requirements except those noted as Not Tested above or as Not in Place due to a legal restriction.

This option requires additional review from the entity to which this AOC will be submitted.

If selected, complete the following:

Affected Requirement	Details of how legal constraint prevents requirement from being met
N/A	N/A

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

Part 3. PCI DSS Validation *(continued)*

Part 3a. Service Provider Acknowledgement

Signatory(s) confirms:
(Select all that apply)

☒	The ROC was completed according to *PCI DSS*, Version 4.0.1 and was completed according to the instructions therein.
☒	All information within the above-referenced ROC and in this attestation fairly represents the results of the Assessment in all material respects.
☒	PCI DSS controls will be maintained at all times, as applicable to the entity's environment.

Part 3b. Service Provider Attestation

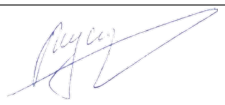

Signature of Service Provider Executive Officer ↗	Date: 2025-12-22
Service Provider Executive Officer Name: Aleksandr Lugov	Title: Cloud Security Officer

Part 3c. Qualified Security Assessor (QSA) Acknowledgement

If a QSA was involved or assisted with this Assessment, indicate the role performed:	☒ QSA performed testing procedures.
	☐ QSA provided other assistance. If selected, describe all role(s) performed: N/A

Signature of Lead QSA ↗	Date: 2025-12-22
Lead QSA Name: Rustam Guseynov	

Signature of Duly Authorized Officer of QSA Company ↗	Date: 2025-12-22
Duly Authorized Officer Name: Rustam Guseynov	QSA Company: OWNR Solutions LTD

Part 3d. PCI SSC Internal Security Assessor (ISA) Involvement

If an ISA(s) was involved or assisted with this Assessment, indicate the role performed:	☐ ISA(s) performed testing procedures.
	☐ ISA(s) provided other assistance. If selected, describe all role(s) performed: N/A

© 2006–2024 PCI Security Standards Council, LLC. All rights reserved.

Part 4. Action Plan for Non-Compliant Requirements

Only complete Part 4 upon request of the entity to which this AOC will be submitted, and only if the Assessment has Non-Compliant results noted in Section 3.

If asked to complete this section, select the appropriate response for "Compliant to PCI DSS Requirements" for each requirement below. For any "No" responses, include the date the entity expects to be compliant with the requirement and provide a brief description of the actions being taken to meet the requirement.

PCI DSS Requirement	Description of Requirement	Compliant to PCI DSS Requirements (Select One)		Remediation Date and Actions (If "NO" selected for any Requirement)
		YES	NO	
1	Install and maintain network security controls	☒	☐	
2	Apply secure configurations to all system components	☒	☐	
3	Protect stored account data	☒	☐	
4	Protect cardholder data with strong cryptography during transmission over open, public networks	☒	☐	
5	Protect all systems and networks from malicious software	☒	☐	
6	Develop and maintain secure systems and software	☒	☐	
7	Restrict access to system components and cardholder data by business need to know	☒	☐	
8	Identify users and authenticate access to system components	☒	☐	
9	Restrict physical access to cardholder data	☒	☐	
10	Log and monitor all access to system components and cardholder data	☒	☐	
11	Test security systems and networks regularly	☒	☐	
12	Support information security with organizational policies and programs	☒	☐	
Appendix A1	Additional PCI DSS Requirements for Multi-Tenant Service Providers	☒	☐	
Appendix A2	Additional PCI DSS Requirements for Entities using SSL/early TLS for Card-Present POS POI Terminal Connections	☐	☒	Not Applicable

Note: The PCI Security Standards Council is a global standards body that provides resources for payment security professionals developed collaboratively with our stakeholder community. Our materials are accepted in numerous compliance programs worldwide. Please check with your individual compliance accepting organization to ensure that this form is acceptable in their program. For more information about PCI SSC and our stakeholder community please visit: https://www.pcisecuritystandards.org/about_us/
